NEW THREE MILES TO INCH

MAP OF SCOTLAND

THIS important Map of Scotland comprises Sixteen Sheets, each Plate measuring 18 by 22. It is engraved from the latest Ordnance Survey, Checked and Corrected with the assistance of Residents in nearly every town and village in the country. In this way many important corrections and omissions have been obtained, making the complete Work thoroughly up to date in every respect, and the most perfect Map which has yet been engraved.

The Geographical features are shown in three different colours—the *Black* shows all the names of Places, Estates, Antiquities, and Objects of Interest to Tourists, also Outline of Roads and Railways; the *Blue* shows all the Rivers and Canals with their names, County Boundaries and Steamer Routes; and the *Brown* shows all the names of Hills and Glens, the Contours for every 500 feet, and the Heights above Sea-Level. The Roads are also filled in in this colour, making them prominent. The Counties are also distinguished by different colours, and all Water is coloured Blue. The Map will be found invaluable for the ordinary purposes of reference, and for the Cyclist and Tourist nothing better could be desired.

The Price of each Sheet, on tough paper 20 by 25 inches, and in Cloth Case is

ONE SHILLING.

Mounted on Cloth and in Cloth Case, 1s. 6d.
Mounted on Cloth in Patent Celluloid Map Case, 2s. 6d.

"Are wonderfully distinct alike as regards names of places and cycling roads."—*Glasgow Herald.*

PREFATORY NOTE.

The Proprietors of the 'Edinburgh and Leith Post-Office Directory' beg to express their thanks to their numerous subscribers, and to the public at large, for the liberal patronage bestowed on this publication during the long period of ninety-five years.

It has ever been the desire of the Publishers that the information contained in the annual issue of the book should keep pace with the progress and general requirements of the community; and every effort has been made to render the work as accurate and complete as possible: they do not, however, hold themselves responsible for any error or omission.

In order further to enhance the usefulness of the book, the various Suburban Districts around the City are given, revised and corrected up to date.

A useful and complete list of Telephone Call Offices in the City and Suburbs is also given. For list of Telephone Call Offices see page 406.

The Map, from actual survey by W. & A. K. Johnston Limited, Edinburgh, is a complete, comprehensive, and descriptive plan of the City, and now comprises the new Parliamentary Boundaries. It has been drawn up on one sheet, and is much larger in size than formerly. The Parliamentary Divisions are clearly marked by blue dividing lines; the Ward Boundaries are also given in less distinct lines, marked in red. Owing to its increased size, and unwieldy structure, it has been found necessary to keep it detached from the book, and to supply it to purchasers of the Directory in a separate form. We trust that this departure from our usual method, at least for the present year, will meet with general approval.

The Proprietors wish to acknowledge, with thanks, much useful information willingly and promptly supplied by gentlemen connected with the various Institutions.

Notwithstanding the amalgamation of Portobello and other districts with Edinburgh, these places are still treated for all POSTAL PURPOSES as formerly, and are not included in the ordinary deliveries from the General Post Office.

All communications on Directory business should be addressed to the Editor, as below, and they will receive careful and prompt attention.

Post-Office Directory Office,
15 St. James' Square, Edinburgh,

EXPLANATION.—In the Left-hand Table are the years of the Century, and above each is the Dominical Letter corresponding with that Year. Then, opposite to the Month, at the foot of the Right-hand Table, will be found a corresponding Letter, over which are placed the Days of the Month and Week for that Month (distinguishing the Sundays by a different type). Each Blank Space in the Left-hand Table shows the Year following to be Leap Year; and as every Leap Year has two Dominical Letters, the Letter above the *Blank Space* must be used for January and February in every Leap Year; and for the other months, nse the Letters belonging to the respective Years.

By transposing the Dominical Letters, this Calendar would answer for any Century.
